Profile: Nick Dacomb

From a young age, Nick knew the most important thing was to have fun. Nick's work with Crazy Koala is inspired by this value, allowing children to have fun and learn at the same time.

The Krazy Koala Puppet show combines music and puppetry to produce a truly unique show for kids and all ages. The show includes stories, live percussive Didgeridoo music, audience interaction, dancing and plenty of laughter. Over 10 charismatic puppets, a mix of both Australian animals and Muppet like characters who captivate the audience with their up beat songs, short stories & silly jokes.

The puppets create a fascinating inventive world that children can believe and relate to, encouraging creativity and stimulating their imagination.

Within each story/song there is a focus on life values such as: peace, happiness, unity, love and respect.

The Puppet shows encourage children to reflect on the moral within the story and they are given the chance to ask questions directed at the puppets at the conclusion of the presentation.
