## Profile: Serena-Rose Macartney

"Artful, imaginative, playful, and unique"

Serena is a multidisciplinary artist who combines her passion for stage craft with her love for makeup design, into a fun, interactive dance that is bursting with colour!

Serena considers herself an intuitive artist who connects with the children and discovers what lights them up. Serena creates one-off designs that are truly individualised, and one of a kind.

The artistic philosophy Serena lives by is:

**The act of painting is within  
the essence of performance art itself.**

Oh, and...

The **Bebop Circus Trailer**  
is in town!!

Serena will be hosting circus play  
with hula hoops, flower sticks,  
juggling bean bags  
and spinning plates.

**Roll up! Roll up!**
