## *stories of the edge*

### Profile: Audrey Klein

Audrey Klein has been heavily involved in international music and dance as a performer, composer and educator for over 40 years. Her time spent both in the classroom from K-6, as well as a Mentor in Orff Schulwerk Association Levels courses has given her a unique ability to tap into the childlike wonder for music and movement that is inside all of us!

She is a founding member of the world-renowned multicultural music and dance band Shenanigans, which is still used as prolifically today as a teaching tool in classrooms and dance halls around the world as when it was produced in the mid 1980s!

She puts her expertise and passion into the dance sessions of the kind being offered at Sacrededge, in order to provide participants with a joyful, inclusive, comfortable experience. No partners needed – just a willingness to enjoy moving together.
