### Profile: Geelong Iranian Society

Our friends from the Geelong Iranian Society will be catering for our **Saturday night meal** this year - a Persian Feast! Persian cuisine is renowned for its flavourful and aromatic dishes, often incorporating a balance of sweet and sour, savoury and tangy, and fresh and cooked ingredients, characterised by the use of fresh herbs, spices, and a unique blend of nuts, fruits, and vegetables, often with rice as a staple. These dishes were a feature of their recent Iranian New

Year celebrations in Geelong, and they were truly spectacular as well as mouth-watering-good.
