sacrededge 2025

stories of the edge

Profile: Helia Adeli

I'm Helia Adeli, 23 years old and from Iran. I moved to Australia about four years ago with my family and have been living in Geelong this whole time. I study Data Science at RMIT university and work as a teacher assistant and a Librarian. Being an Immigrant myself, I aim to bring a thoughtful and empathetic voice to the conversation, and to highlight the unheard sides of people's stories. I am passionate about learning, supporting others, and creating a space for meaningful conversations.
